

PLEASE PLACE RED RECYCLING AT THE CURB ON YOUR REGULAR TRASH DAY.

WHAT MAY BE RECYCLED?

Place the following materials in the recycling bin: place all paper in a brown bag. NO need to sort cans and bottles.

- **PAPER**- Newspaper, brown paper bags. All paper should be placed in brown bags, and then set in recycling container.
- **ALUMINUM**- Raised cans and clean disposable foil pans.
- **GLASS**- Rinsed clear, green or brown bottles and jars only. Metal lids need to be removed but may be placed in the recycling container. Labels OK.
- **STEEL CANS**- Clean tin food and beverage cans and pet food containers. Please no food residue. Rinse all cans and lids.
- **PLASTIC**- Rinsed, drained translucent milk, juice, and water jugs, Also, clear and green soft drinks jugs. Remove all lids. Labels are OK.
- **CARDBOARD**- Only flatten clean corrugated cardboard (brown wavy middle between two flat surfaces). Please, no cereals boxes.

RECYCLEING METHODS FOR SUCCESS

1. Convenience- find a handy location for recycling bin.
2. SAVE AS YOU THROW – keep recyclables separate form regular garbage.
3. CLEAN- Is the password, because clean materials are less likely to attract household pest. And, real people will be handling these materials.
4. SAVE- Stomp on plastic to save space. Conserve water by rinsing bottles or cans in dishwasher.
5. UNDERSTANDING- Contaminating is a big word for “wrong stuff”. Items not being accepted will be left behind in the in.
6. TOO MUCH MATERIAL- After placing all paper in a brown paper grocery bag covers with a second bag, set the recycling bin on top of paper, to prevent blowing and litter.
7. RAIN TODAY- Just hold back all paper and set out bottles and cans for collection, please.
8. CHANGE- Can be fun. Practice this new habit developed. Don’t give up. The recycling bin has instructions about how to recycle.
9. INVOLVEMENT- Make recycling a game. Invite everyone to be involved. Guess how many pounds are being recycled. Talk about it. Each American creates an average of four and one half pounds of garbage each day!
